

My Name

PAPER FOOD

Materials:

scissors 
tape 

paper chain 
old magazines

1. Cut out pictures of plants and animals from old magazines.
2. Tape a picture of a plant to the first link. Next find an animal that eats the plant. Tape it to the next.
3. Find a picture of a meat-eater. Tape it on the next link.

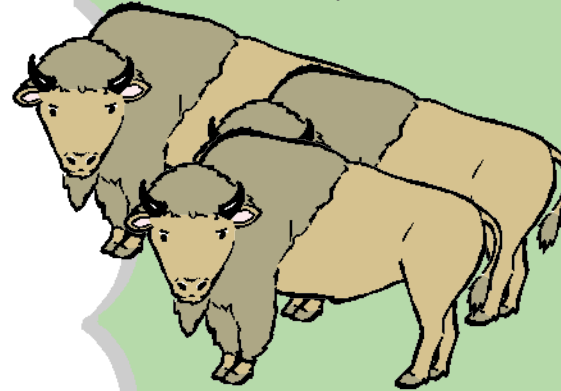

You now have a food chain! Can you make others?

BACK IN TIME

Bear

Buffalo

Long ago in Missouri there were many more plant and animal eaters.

Wild FACT FAT BAT! Bats are great hunters. A bat can catch up to 600 mosquitoes an hour.

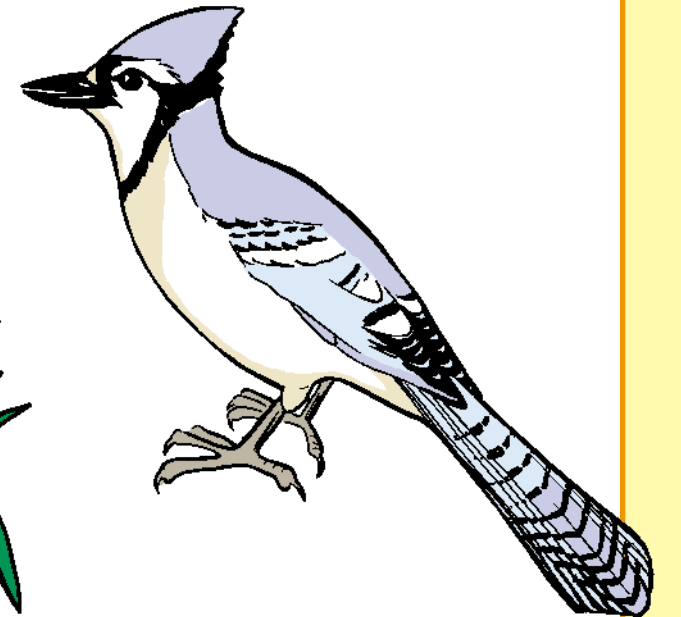

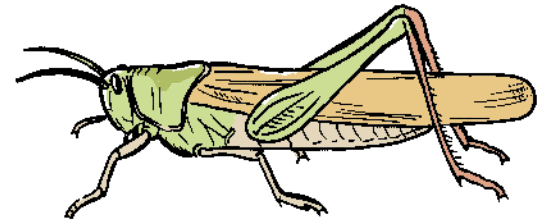

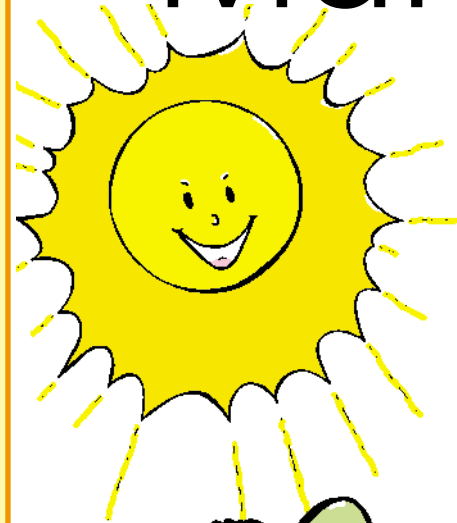

SUMMER

Woollyworm

Munch Time

Connect the animal to what it eats.

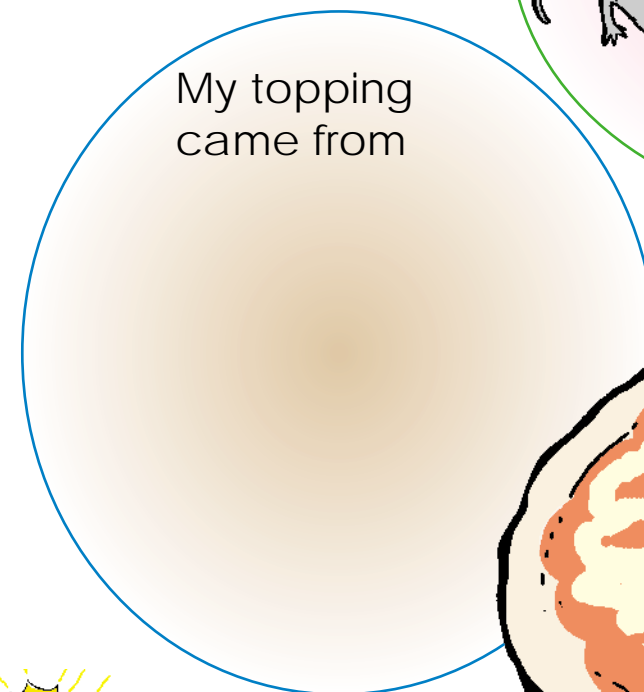

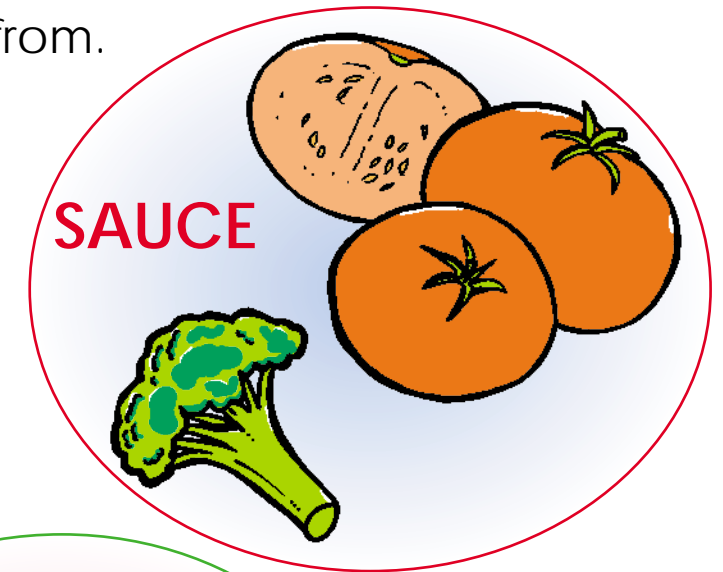

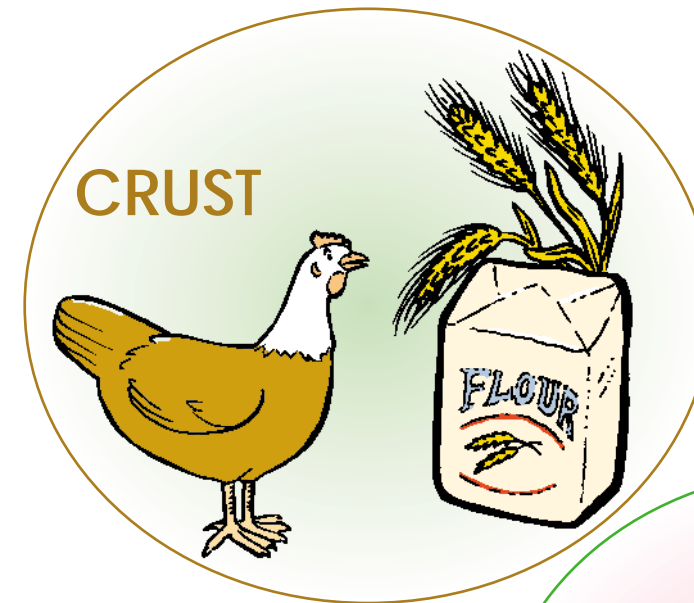

MISSOURI DEPARTMENT OF CONSERVATION KIDS' CONNECTION

Made to Hunt

PIZZA PARTY!

Circle where the parts come from.

Draw your own topping.

Wild FACT

Nothing could live without the sun. The sun is the source of all energy.
